Tuscany Series, 4 Panel Door

Why Milgard Windows & Doors

Quality

Milgard offers award-winning windows and patio doors built for long-lasting comfort. For over 50 years, industry experts have consistently recognized Milgard as a trusted brand.

Experience

Since 1962, Milgard has designed and assembled superior custom-made windows and patio doors for replacement, remodeling and new construction. Milgard is known for their industry-leading designs, using patented technologies, that help make your home more comfortable.

Service

We have always taken great pride in our ability to provide exemplary customer service. We believe that being close to our customers allows us to provide a better service experience. You'll find Milgard factory trained technicians near you in the Western U.S. and Canada.

Warranty

We have a dedication to quality and build our windows and patio doors to last. Milgard offers industry-leading and competitive warranties depending on the series you choose. Learn more inside or see complete details at **MILGARD.COM/WARRANTY**

Tuscany Series In-Swing, Tan

Let your
patio door
reflect your
personal
style and
make a
statement

Tuscany[®] Series | V400 Vinyl Patio Doors

Tuscany Series is a premium vinyl patio door that can make a world of difference in your home. This is our best-selling series, custom made to your exact measurements from our signature vinyl formula and crafted with award-winning hardware. The result is a high performing, elegant door that can beautify your home for years to come.

Tuscany Series Sliding Door

SmartTouch[®] Innovation

Milgard has a long-standing tradition of innovation. The SmartTouch[®] door handle addresses the need for durable, easy to use patio doors that exceed rigorous California forced-entry codes*.

ERGONOMIC

A simple one-touch motion unlocks, opens and closes the door, making it accessible and usable for all ages.

SMARTTOUCH[®] BOLT

A fully integrated steel bolt that secures the sliding patio door firmly into the top frame with the flip of a lever - an industry first! Let the fresh air in while keeping the door secure in a vented position.

SECURITYMAX[™] PACKAGE

Includes a multi-point locking system paired with the SmartTouch[®] Bolt. The lock is activated with a single motion of the handle which engages four locking points and secures the door in the top frame and bottom track. This provides five points of security on your patio door.**

*Based on guidelines set by the American Architectural Manufacturers Association.
**Locks are designed to improve security but are not guaranteed to keep intruders out under all circumstances.

FEATURES

Made with a unique vinyl formula for durable frames that won't absorb moisture

Superior energy performance with SunCoat[®] Low-e glass coatings and EdgeGuard[®] spacers

Stainless steel, multi-point locking hardware for security and high performance

The Milgard Full Lifetime Warranty* with Glass Breakage Coverage for as long as you own and reside in your home

“

What a difference!

These doors changed the look of the dining room, inside and out, making the home so much more beautiful.

”

Trinsic™ Series | V300 Vinyl Patio Doors

Trinsic Series vinyl patio doors have a modern style and an expansive viewable glass area perfect for capturing outdoor vistas. The even sightlines offer a streamlined and aesthetically pleasing look throughout your home. A narrow frame profile provides a sleek, clean look, allowing your view to take center stage.

Trinsic Series 4-panel Door, Black

Trinsic Series, Bronze

Black Capstock Finish

New Capstock Finish

Capstock is an acrylic layer that covers – or “caps” – a vinyl profile. The acrylic layer is extruded together with the underlying vinyl profile, ensuring maximum bonding and superior durability. This new finish option is now available on Trinsic Series.

FEATURES

Made with a unique vinyl formula for durable frames that won't absorb moisture

Superior energy performance with SunCoat® Low-e glass coatings and foam spacers

The Milgard Full Lifetime Warranty* for peace of mind with optional Glass Breakage Coverage available

Energy Efficiency

Tested and Built for Your Climate

At Milgard, we help homeowners like you make an impact on their energy consumption by offering energy efficient windows and patio doors designed for your homes comfort.

We make it easy to meet local energy codes and green building efficiency standards with a selection of energy packages you can tailor to your specific climate. We conduct thermal simulations to improve energy performance and we adhere to ENERGY STAR® v6 requirements that meet or exceed U-Factor and Solar Heat Gain Coefficient (SHGC) criteria in the areas we serve.

ZONE	U-Factor	SHGC
ENERGY STAR v6 Northern	0.27	-
ENERGY STAR v6 North-Central	0.30	0.40
ENERGY STAR v6 South-Central	0.30	0.25
ENERGY STAR v6 Southern	0.40	0.25
R5	0.20	-

Your energy efficient windows could include one or more of the following features based on your climate.

- SunCoat® or SunCoatMAX®
- EdgeGardMAX™
- Argon
- 4th Surface
- Triple Glaze

Tuscan Series 4-panel, White
